Mill Test Report

Certificate number: MC-2048

Mill: Northline Sample Mill

Supplier: Field Sample Metals

Certificate date: 2026-01-14

Product description: Hot-rolled steel plate

Heat number: K-4817

Material grade: A36

Material specification: ASTM A36

Country of melt and pour: Canada

Carbon (C) 0.18 %

Yield strength 318 MPa

Heat number: K-4818

Material grade: A36

Material specification: ASTM A36

Country of melt and pour: Canada

Carbon (C) 0.21 %

Yield strength 326 MPa

Mill Test Report

Certificate number: MC-2048

Mill: Northline Sample Mill

Supplier: Field Sample Metals

Certificate date: 2026-01-14

Product description: Hot-rolled steel plate

Heat number: K-4820

Material grade: A36

Material specification: ASTM A36

Country of melt and pour: Canada

Carbon (C) 0.19 %

Yield strength 312 MPa
